

Hello Merrickville and District Historical Society Members

This is a reminder to the membership that we will have an election of board members coming up at the AGM February 24 and we are looking for new board members to replace the three who are retiring from the board. Our Articles of Incorporation say we need between 5 and 10 board members. Last year we had a board of eight which made a excellent board with a range of many useful talents and with a reasonable distribution of the workload.

We are looking forward to an interesting and exciting year in 2026. Our 60<sup>th</sup> Anniversary!! The board needs the talents and support of three more people with an interest in Merrickville-Wolford and its history to complete the slate.

This is what the slate for 2026 currently looks like without new board members.
